## **DETAILED ACTION**

### ***Allowable Subject Matter***

**Claims 1-10** are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent **Claims 1, 4 and 8-10**, prior art teaches a method for driving a transfective LCD wherein the transfective LCD has a plurality of pixels arranged in a matrix, each including a reflective cell and a transmission cell, the reflective cell having a first storage capacitor and a first active device, and the transmission cell having a second storage capacitor and a second active device. However prior art fails to teach providing first switching device coupled between the reflective cells of the pixels and first driving voltages respectively; and providing second switching devices coupled between the transmission cells of the pixels and second driving voltages respectively as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:
